

## Empathy map

Use this framework to develop a deep, shared understanding and empathy for other people. An empathy map helps describe the aspects of a user's experience, needs and pain points, to quickly understand your users' experience and mindset.

**Thinks**

**Feels** 

What are their fears, frustrations, and

anxieties? What other feelings might

influence their behavior?

**Does** 

What behavior have we observed?

What can we imagine them doing?
